

Tax class and interruption in ESL: 28 September, 2004

I'm so sad because I cannot more
class for this year because I receive
call for one person She's work is in
TAX PREPARATION and she explained
why call me. I'm interesting for my
personality tax as because is my business
in Mexico, so she call me the next
class is beginning nex week October 4th
the ^{pay} class is very expensive in this class
is for preparation for one test after
finish the class in one test state.
So I can pass the test I have
one more more extra for my family
in I think so next year I came
agin hear for my written and pronun-
ciation English.
